OBREGON TO GUARANTEE SAFETY

CARBAJAL IS NOW SAFE AT VERACRUZ

Residents of Capital Prepare to Strew Flowers in the Path of Rebel Army.

TELEGRAM from Veracruz to "Constitutionalist" consul in Mexico City, Aug. 14.—Carranza entered Mexico City Friday morning.

MEXICO CITY, MEX., Aug. 14.—With Gen. Obregon's "Constitutionalist" army close to Mexico City, and Venustiano Carranza at Tula, preparations for the occupation of the city, deserted Thursday by president, Carballo and the federal army, went briskly forward today.

According to the arrangement, the federal army will surrender to Gen. Obregon without conditions. Details of the disarmament and the formal transfer of the city will be arranged by governor Iturbide and Gen. Obregon.

No date is fixed. The federal army will surrender to Gen. Obregon without conditions. Details of the disarmament and the formal transfer of the city will be arranged by governor Iturbide and Gen. Obregon.

Preparations for the reception of the triumphant "Constitutionalist" army in the capital are under way. A committee, consisting of senators and deputies of the old Mexican congress has been appointed to meet Carranza as he enters the city. Business houses have been requested to decorate and arrange for the reception of Carranza.

When the "Constitutionalist" army enters the city they will find it without money, arms and ammunition. A visit to the barracks and arsenal showed that the rooms which were stored with guns, cartridges and shells yesterday, were empty.

The taking away of so much war material by the federalists is causing some uneasiness here.

Although the destination of the federal army was carefully guarded, it is believed that Puebla City is the point to which it is proceeding. Gen. Velasco, minister of war, headed the retreating forces.

President Carranza arrived Thursday night at Veracruz, and will remain there for the time being. He was met by Brig. Gen. Fumato.

St. Petersburg, Russia, Aug. 14.—With the view of rendering the apprehension of the Poles in Russia, Germany and Austria-Hungary, and of gaining their friendship in the two last mentioned countries, the grand duke Nicholas Nikolaievich, commander in chief of the Russian army, issued an order today to the effect that all Poles residing near the frontier should be specially protected by the Russian army and government.

Any attempt to interfere with the personal and material rights of those Poles not guilty of hostility to Russia, will, according to the order, be punished with all the severity of martial law.

FRENCH FIGHTING GERMAN TROOPS

Paris, France, Aug. 14.—An official report issued here today says:

There were several skirmishes between German and French patrols and encounters between outposts Thursday, notably at Chambray in German Lorraine, where two companies of the 15th Bavarian infantry were surprised by the French troops and driven off, leaving numerous dead and wounded on the field.

Officer Gets First Honors.

The first officer to be decorated for gallantry in the war is 2nd Lieut. R. J. Bruyant of the 15th Dragoons.

Gen. Joffre, the French commander in chief, in conferring the Cross of the Legion of Honor on Lieut. Bruyant, said the officer with seven of his men had charged the German trenches and that Bruyant killed the officer of the Germans with his own hand, while the rest of the band were routed.

SHIPS SHOW EFFECT OF HARD FIGHTING

Shanghai, China, Aug. 14.—The identity of the two warships which having four funnels badly damaged and carrying many wounded, which entered the harbor at Hong Kong Thursday, is still undetermined.

However, it is believed they are either the British armored cruisers Minotaur and Hampshire or the French armored cruisers Dupetit and Montcalm. They are reported to have had an engagement with the German cruisers of the same type, Scharnhorst and Goeben.

AMERICANS IN GERMANY ARE RECEIVING MONEY

Washington, Aug. 14.—Volunteers who have cooperated with Ambassador Gerard have made it possible for the embassy in Berlin to re-open its office.

American in Germany, according to a report received today at the state department, has been able to obtain a limited number of checks of Americans bearing the American consular stamp of identification, has greatly relieved the financial tension.

From funds subscribed by the American colony in Germany, a Mr. Rudolph of Chicago, money has been sent to the American consular office in Germany for cashing checks, and a disbursing department, which daily pays out cash allowances to the needy, has been established in Berlin with Mrs. Gerard and Mrs. Rudolph in charge.

but had been approached on the subject by private interests; and that they would not care to entertain the matter should there be the slightest doubt on the part of the state department as to the advisability of the negotiating of such a loan.

Washington advices said president Wilson was inclined to look with disfavor on furnishing the powers with money for waging a war, which the United States would very much prefer to stop.

GERMAN STOKERS, TAKEN FROM SHIP, ARE HELD PRISONERS

New York, Aug. 14.—Thirty-five German stokers of the crew of the United Fruit steamer Zaccani, which reached here today from Colombia, Colon and Kingston, are prisoners of war at Kingston instead of being on their way to Germany as reservists, because of Capt. Towell's refusal to obey the command of the German consul at Colon and send the stokers ashore.

When Capt. Towell refused to land the stokers, officers went into the hold and took the stokers ashore as prisoners of war. Capt. Towell said he had considerable difficulty in recruiting men to take their places.

TURKEY MAY BE INVOLVED IN CONFLICT

Repatriate German Crews, Is the Demand of England, France and Russia.

RUSSIA MOBILIZES ARMY OF 5,500,000

French and Belgians Report Sharp Engagements, Defeating German Foe.

LONDON, Eng., Aug. 14.—Great Britain, France and Russia have sent a sharp demand to Turkey for the immediate repatriation of the officers and the crews of the German cruisers, Breslau and Goeben.

It is reported that the two cruisers were met by a Turkish vessel outside and escorted into the Bosphorus. There is no official confirmation of the actual purchases of the cruisers by Turkey, but the report to that effect is generally credited.

According to a dispatch from Constantinople to the Exchange Telegraph company, Turkey paid \$2,000,000 for the two cruisers.

It is understood that Turkey has taken over the two cruisers, which manned the cruisers. Their repatriation will mean that they must be interned by Turkey until after the war ends, if Turkey is to continue as a neutral power. Any other course would be considered a violation of neutrality and subject Turkey to hostile regard.

Italy Is Disturbed.

A dispatch to the Daily News from Rome says:

Turkey's purchase of the German cruisers Breslau and Goeben has made an unpleasant impression here. Italy will probably want an explanation as to the future use of these ships and also warn Turkey that she will not allow the equilibrium of the lower Mediterranean to be molested.

Turkey May Enter War.

Rome, Italy, via Paris, Aug. 14.—The news that Turkey had purchased the German cruisers Goeben and Breslau reached here only tonight. This new development in the war was discussed with intense interest in political circles, where it was held that it was fraught with the possibility of grave results.

It was stated in semi-official quarters that the vessels would become a strong weapon in the hands of Turkey if Constantinople abandoned its attitude of neutrality. The belief was expressed that the purchase precludes a new position on the part of Turkey in favor of Germany and Austria-Hungary, while it is especially important as bearing on the interests of the Balkan states.

Greece Is Anxious.

Athen's Greece, Aug. 14.—Considerable anxiety is felt here in connection with the reported purchase by Turkey of the German cruisers Goeben and Breslau, as it is feared the acquisition of these two vessels may make Turkey uncompromising on the subject of the disposition of the Aegean islands. A rumor that Turkey had named one of these warships Mytilene is taken as a justification for this belief.

VANCOUVER READY FOR GERMAN ATTACK

Vancouver, B. C., Aug. 14.—News that the German cruisers Leipzig and Nürnberg were racing north, drew assurances today that powerful coast defense guns have just been mounted commanding the approaches to Victoria and Vancouver harbors, and that neither city need fear bombardment.

The naval authorities at Esquimalt gave out word that the little sloop of war Albatross is now safe from capture, but it was requested that nothing be published regarding the movements of Canadian and British warships.

CANADIAN WIRELESS STATION IS WRECKED

Port Arthur, Ont., Aug. 14.—The Canadian government wireless station near here was wrecked early this morning. When the crash of cables and supports was heard the staff inside the station, which was in the building, rushed out, but shots fired by two men running from the station halted them.

The damage was serious, but a large staff, supported by a military repair corps, immediately began rushing work on the station.

THE WAR AT A GLANCE

EVIDENCES of a sharp sea fight in Chinese waters were brought to Hong Kong when two battered warships, either French or British, arrived there Thursday with many wounded. The telegram, apparently censored, did not identify the warships, but said they were reported to have been in action with the German cruisers Scharnhorst and Goeben.

A London report says the captain of a Danish steamer declares he passed seven sunken German ships on the east coast of England. He could not identify them, but believed they were warships.

The reported purchase of the German cruisers Goeben and Breslau by Turkey has been made the occasion of action by the British, French, Belgian and Russian allies, which are to call Turkey's attention to her duty as a neutral.

Greece also is perturbed by the purchase of the two cruisers, which she considers will upset the equilibrium of power in the Levant.

Russia is reported from St. Petersburg to have mobilized 5,500,000 men, 2,000,000 of whom are on the German and Austrian frontiers.

Today all is reported quiet along the front, according to official statements from France and Belgium.

Belgian accounts of Thursday's cavalry encounter, known as the battle of Haelen, give the total German casualties as high as 3000 killed and wounded. No German report of the engagement has been received.

The Belgian staff believes the German movement at Haelen was an attempt to reach Brussels, which today is stated to be "no longer in danger."

French official reports say the Belgians captured 2000 German prisoners at Liege and the French have taken 1500 along the frontier. The Belgian government has requested France to provide places of internment, owing to the lack of room in Belgium.

Aviators are taking a very prominent part of scouting for the armies in the field and are suffering severely according to reports. Belgian authorities report the destruction of three German aeroplanes and the death of two of their pilots, while French reports recount the narrow escape of a French aerial scout from German flying machines which hunted him.

A dispatch from Brussels to Reuters' agency says the following official announcement was issued at noon today:

"The Germans are planning a new movement against us, but all dispositions have been made to repel it like the preceding ones. Reports show that the situation continues favorable to us and our allies, while the news from Lorraine is highly favorable to the French."

The general staff has heard nothing of the reduction of the forts of Liege. Rumors to that effect, therefore, are false."

French Occupy Mountain Passes.

The British war office and admiralty today issued news of a French success in the Vosges mountains, Alsace, in the following words:

"After a successful resistance lasting five days at the passes of Sainte Marie aux Mines and Col de Bannema, the French troops have occupied the region of the Sappe Pass, which commands the valley of the Ruche, an affluent of the Rhine."

At Sappe Pass desertions of German troops are noted.

The French have taken many prisoners and captured some machine guns."

"It is now confirmed that the Belgian troops were successful in their engagement on August 12, with six regiments of German cavalry supported by 2500 infantry with machine guns and artillery."

"The Germans were completely disorganized. The six cavalry regiments suffered great loss, and the Belgian troops pursued the infantry, which gave way."

"This (Friday) morning towards Echternach, ten miles north of Namur, a mixed detachment from the garrison surprised some cavalry regiments, threw them into confusion and fought them towards the east, after taking numerous prisoners and capturing cannon and machine guns."

"To the southwest of Meuse, the German cavalry avoided contact with the French."
